Summary of Last Volume

Osu!! I'm Matsushite Tadashi. I've just entered Kansai Fifth Technical High School, a school famous for its delinquents, even for Osaka, and joined the Karate Club, which is especially dangerous, so much so that peopis make way for them on the streets. The club members all wear a special uniform and get crew cuts, so you can tell they're from the Karate Club at a glance, and it really feels good walking around school or around town like that. But in the club, the freshmen are treated like trash, and we're really miserable. But I admire Captain Takagi, who could be said to be the strongest man in Osaka, and I feel like being his underclassman gives me a great sense of authority, and though I do a lot of stupid things, I feel really great. Crazy things keep happening around Captain Takagi, so we're always busy. ...Osu!!
